October 14, 2018

Dear NAFC Annual Symposium Participants,

On behalf of the NAFC Board of Directors, it is my honor and joy to welcome you to the NAFC 2018 Charitable Health Care Symposium.

Over the next few days, I look forward to celebrating the “Humans of Health Care” throughout our charitable health care network. The Symposium is an amazing opportunity to join together and learn from each other, share best practices and new ideas, and celebrate the important work being done in communities throughout the country to serve the medically underserved.

I would like to take a moment and thank everyone who helped make this event a reality. To our Symposium Working Group who dedicated their time and effort to developing a strong agenda, thank you for creating this opportunity for us to come together to learn and share our knowledge and skills. To all of our 2018 sponsors and exhibitors – especially our lead sponsor Direct Relief – an enormous thank you for your generosity that makes this conference possible!

I would also like to take this opportunity to recognize everyone who participates on NAFC working groups and committees. Your dedication and contributions to help shape this organization are beyond appreciation.

I am humbled and honored to serve as the Board Chair of this important organization. I thank you all for the important work you do to ensure that people in need in communities throughout our country have access to affordable, quality health care.

Sincerely,

Bobby Kapur, MD
Chair of the Board

THE DIFFERENCE OF **ONE** COMPANY

MAKING AN IMPACT ON THE WORLD OF HEALTH. Across the healthcare continuum, BD is known for medical technology, devices and laboratory equipment—from medication management and parenteral drug delivery to diagnostics and solutions for clinical research. What may be less known about us is the difference BD has made in untold millions of lives in ways as diverse as helping enable inoculation of children for the final eradication of polio, identifying infectious organisms and providing the research tools to help advance the discovery of a vaccine for AIDS. Today our associates serve every corner of the world, united by one purpose: *advancing the world of health*. And through our extensive experience with partnerships, our depth of insights and exceptionally broad portfolio of solutions from discovery to delivery, we aim to make an even greater difference in human health across generations. RWJF AWARD FOR HEALTH EQUITY PRESENTED BY NAFC

For decades, Free and Charitable Clinics, our staff and our volunteers have been building a culture of health care equality and equity for all individuals. This is why at the 2018 Symposium, the NAFC is pleased to award the Third Annual Robert Wood Johnson Foundation Award for Health Equity. This award celebrates a health practitioner who has shown success in changing systems that impact health outcomes among our patient populations.

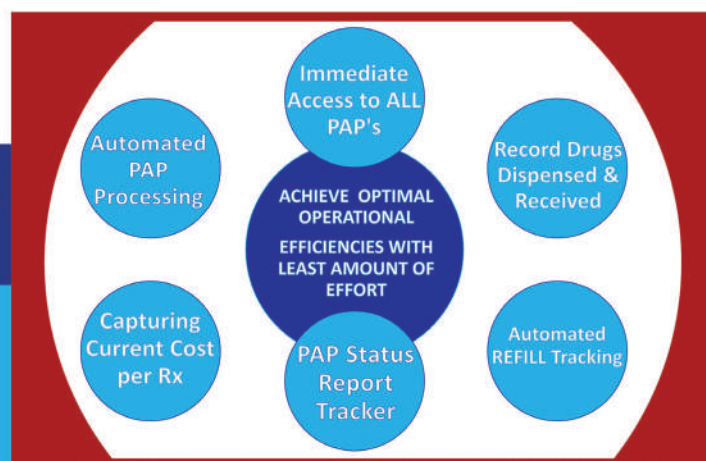

2018 RWJF - NAFC Award For Health Equity Winner - Angela Settle, Family Nurse Practitioner, CEO, West Virginia Health Right, Inc.

Angie Settle is the CEO of the WV Health Right, Inc. and has been with the clinic for 21 years. She was first employed as a RN, then a FNP, then became the Clinical Coordinator, and finally, in 2014, became the CEO when the founding CEO of the organization, Pat White, retired. Angie's two innovative programs - the mobile dental program and mobile harm reduction program - are the only ones of their kind in the state and possibly the nation. The mobile dental program allowed access to over 3,000 people in the first year to obtain free preventative and curative dental care. The groundbreaking mobile harm reduction program that was created and implemented less than one year ago has connected thousands of people to substance abuse screenings, testing for infectious diseases, supplied them with education, gave them access to drug treatment and finally, the drug Nalaxone (Narcan), that has most assuredly saved lives throughout West Virginia.
