Can I get a 2nd COVID-19 Booster Shot?

The defense that COVID-19 vaccines give us against the virus weakens as time passes. Booster shots help “boost” this defense. Some people can now get a second booster shot. Use the chart below to see if you or someone you know can get a second booster shot.

When did you get your 1st booster shot?

- More than 4 months ago
- Less than 4 months ago

Are you 50 years old or older?

- Yes
- No

Did you take the J&J vaccine as your first dose and booster shot?

- No
- Yes

How old are you?

- 18 years old and older
- Between 12 and 18 years old
- Under 12 years old
