Quarantine and Isolation Guidelines
What to Do If You Think You Might Have COVID-19

Instructions:
Use this card to track what you need to do if you catch COVID-19 or were around a person who had it by checking the days off here. If you don’t feel sick but you were around someone who had COVID-19, start at Exposure. If you start to feel sick, get tested as soon as you can and go to Test Positive or Symptoms Start.

**Exposure**
The day you were around a person who had COVID is **DAY 0**

**Test Positive or Symptoms Start**
The day you got tested or felt sick is **DAY 0**

**Test Negative or Isolation Ends**

*If you test negative on 2 home tests at least 48 hours apart, then you can remove your mask sooner.*

**Wear a well-fitting mask around others for 5 full days. You don’t have to stay home.**

1 2 3 4 5

**Take a test on Day 6.**

**Is it Positive or Negative?**

**Stay home and isolate for 5 full days. Avoid contact with others.**

1 2 3 4 5

**You can leave isolation after Day 5 if you’re feeling better and haven’t run a fever in 24 hours.**

**Wear a well-fitting mask around others for 5 more full days.** *Watch for symptoms.*

1 2 3 4 5

**You can now go back to your daily activities!**
